More from Miner!

Notes from the winemaker:

Harvest 2022 in Napa Valley is here! With steady, moderate heat through mid-August, Sauvignon Blanc was harvested in the second half of the month. Chardonnay was not far behind starting just after Labor Day. I expect a high concentration of flavors from both Chardonnay and Sauvignon Blanc. I'll be looking for softening and goldening of the fruit and the development of riper flavors, think golden apple for the Chardonnay, and melon/stone fruit for the Sauvignon Blanc.

New release highlights:

Our flagship wine The Oracle is our Bordeaux-style blend that is silky, reserved and supremely balanced. We experienced a near perfect growing season which began in late February. Quantity and quality were both abundant in this 2018 vintage.

Emily's Cabernet Sauvignon is our eponymous offering in remembrance of Emily Miner, co-founder of Miner Family Winery. As a tribute to Emily Miner and to continue the fight against cancer, Miner Family donates a portion of the proceeds of Emily's Cabernet Sauvignon to the V Foundation, an organization the Miner's have supported for over a decade.

Cheers,
The Miner Family Winery team
